

President Lyndon Baines Johnson

## World mourns loss

TODAY, THURSDAY, JANUARY 25, 1973, THE CITIZENS OF HONDO AND MEDINA COUNTY JOIN AMERICANS AND CITIZENS OF ALL COUNTRIES OF THE WORLD IN MOURNING THE DEATH OF A GREAT TEXAN, A GREAT AMERICAN, A GREAT WORLD LEADER PRESIDENT LYNDON BAINES JOHNSON.

THE FORCES FOR HUMAN LIBERTY HAVE AN EMPTY SPACE IN THEIR FRONT RANKS TODAY. A SPACE THAT MAY NEVER BE FILLED. MANKIND HAS LOST ITS STRONGEST ADVOCATE, FOR COMPASSION, FOR EQUALITY, FOR PEACE. MEN THE WORLD OVER HAVE LOST A BROTHER.

WE JOIN IN BOWING OUR HEADS IN A SILENT PRAYER OF THANKS TO GOD FOR THE PRIVILEGE OF THIS MAN WALKING AMONG US IN OUR TIME. WE ARE PROUD TO BE BORN IN THE STATE THAT PRODUCED THIS GREAT TEXAN, THE 36TH PRESIDENT OF THE UNITED STATES.

WE REGRET THAT HE DID NOT SEE THE PEACE HE SOUGHT COME TO VIETNAM. BUT WE KNOW THAT HE WOULD HAVE REJOICED WITH ALL OF US ON THE PROSPECTS OF OUR PRISONERS OF WAR AND MISSING IN ACTION BEING RETURNED TO THE LOVED ONES AND THEIR HOMES.

OFFICES THROUGHOUT THE COUNTY WILL BE CLOSED TODAY AS EACH PERSON MOURNS IN HIS OWN WAY. THESE INCLUDE: THE HONDO INDEPENDENT SCHOOL DISTRICT, MEDINA COUNTY COURTHOUSE, CITY OF HONDO, CITY OF CASTROVILLE, CITY OF DEVINE, HONDO CHAMBER OF COMMERCE, STATE AND FEDERAL OFFICES.

### THE DEATH

... of former President Lyndon B. Johnson reminds me of that letter I never wrote.

In fact, there were two letters I never got around to writing and both were brought home by death. The other was to former President Harry S. Truman.

What letters? Oh, just a letter to each of them saying how much I admired them, how well I felt they carried out the duties of president of the greatest nation in the world.

I wanted to tell President Truman that I believed during his time in the White House he faced some of the toughest decisions ever faced by a president. And he faced them squarely. The world knew where he stood on Korea, on the Berlin airlift, on Turkey where he first introduced the Truman Doctrine which helped re-build Europe.

You knew also where he stood when the critics lambasted his daughter and the human side, the father took over and he expressed his opinion.

I wanted to tell President Johnson that despite the thousands of deaths and the untold millions of dollars lost in Vietnam, I believe he was right in going there in the first place. Future generations will benefit from this strong stand against the naked aggression by Communism.

The record shows that time after time he held out the branch of peace to North Vietnam and it was blasted out of his hand by another rocket attack on defenseless cities.

I wanted to thank him for having the courage to stand up and be counted in the fight for civil rights, to the point in fact that more civil rights legislation passed during his administration than has ever passed before.

I wanted to apologize to him for the way these efforts were taken and thrown back in his face by fringe groups of whites, blacks, browns and others all dead-set on tearing down our country instead of building for a better future as one nation, not a splintered society of ethnic groups. I would include in that apology the times that personally I might have treated any individual or group in a discriminating manner.

I wanted to tell him that generations to come will benefit greatly from the many efforts he put forth to improve education of all people in our country.

Yes, I wanted to tell him so many things that I believe will place him in history alongside the other great presidents of the United States and leaders of the world.

I almost got to tell him some of this in person two

## Stock Show plans 'go'

The Medina County Stock Show for 1973 is in the final stages of preparation for its opening on February 5.

Setting up of pens will be Wednesday, January 31, by the superintendents, directors, ag teachers and the Hondo Young Farmers.

Directors for this year's show are President James

## members to gather Sunday

Officers of nine Hermann Sons lodges will be installed for 1973 by Louis Engelke, first grand vice president of the Order of the Sons of Hermann, at 2:30 p.m. Sunday, January 28, in the Hondo Hermann Sons Hall.

Assisting Engelke will be Purcil Hopper, San Antonio fraternalist; Ward Boehme, Castroville. Grand Lodge general agent and member of the Grand Lodge Laws Committee; and Mrs. Elizabeth Elley, San Antonio, member of the Grand Lodge Laws Committee.

Having their officers installed will be Hondo Brother Lodge No. 236 and Hondo Victory Sister Lodge No. 161, and the following mixed lodges which have both men and women members: Castroville Lodge No. 71, D'Hanis Lodge No. 130, Del Rio Lodge No. 201, Knippa Lodge No. 233, LaCoste Lodge No. 261, Bury Lodge No. 283 and Dunlay Lodge No. 285.

Hondo Victory Lodge will host the event.

The Sons of Hermann organization, which has a 111-year history in Texas, offers many social and fraternal activities for its adults and children, and provides free dancing classes in many communities, as well as a youth summer camp for children nine through 13, for its junior members, and a home for its aged members who find themselves in need of assistance in their twilight years. The later two fraternal institutions are both at Comfort.

Membership in the order's 161 lodges surpassed the 72,000 mark this year.

## Parker Creek bids to be called

Advertising for bids for construction of the Parker Creek Dam near D'Hanis is expected on February 1, said an article in the Edwards Bulletin, monthly publication of the Edwards Underground Water District.

A report from the engineers who are designing the dam showed good progress, the article said.

In other news, the incumbent slate of officers, including William H. Spice, Jr., Chairman; Bradley Bailey, Vice Chairman; D. B. Denney, Jr., Secretary; and Lawrence Rothe, Treasurer, were re-elected by acclamation for a two-year term.

A budget of \$65,055.00 was adopted, some \$15,000 lower than the 1972 figure.

### TREE DONATED

... to Medina County Museum and planted by Hondo Garden Club and Junior Garden Club.

Barta, Vice President John T. Law, Sr., and Treasurer B. C. McDonald.

Superintendents for the various divisions have been named as follows: Market pigs, Butch Robertson; Lambs, Chester Saathoff; Steers, Clarence Wurzbach; Poultry, J. T. Law; Commercial calves, John McAnelly.

Trophies for winners in the stock show will be provided by the Hondo National Bank. In addition, three new awards will be presented this year, courtesy of the Hondo Young Farmers.

In past years, the Young Farmers have presented a Showmanship Award to the exhibitor who does the best job of showing his animal. This year, the award has been split into three divisions. The best showman in each of the Hog, Cattle, and Sheep divisions will receive the award.

In addition, the Young Farmers will sponsor a telephone hookup to radio station KRME so that live remote broadcasts can be made during the course of the show.

Money for the projects came from proceeds of selling donated deer hides, reports Young Farmer Glenn Dittmar.

## Allotment transfers approved

The Medina County ASC Committee determined that both in and out-of-county transfers of Upland Cotton Allotments, by sale or lease, for 1973 would be approved beginning January 2, 1973.

The decision to authorize out-of-county transfers was based on the Committee's finding that the price offered for within-county transfers is substantially less than it is for cotton transferred out of the county.

March 1st is the final date for producers to file application to transfer cotton allotments in Medina and to other counties in Zone 1 (South Texas).

April 1st is the final date for producers to file applications to transfer cotton allotments to farms in counties in Zone 2 (North and West Texas).

## New machine brings on different 'look'

See anything different about the Anvil Herald this week?

Take a look at this column of type you are reading. No jagged edges on the right? Cleaner copy?

That's right. This due to a new Compugraphic Compuwriter installed at the Anvil Herald last week.

Wanda Neuman, who does all out type setting, is having a ball with this new electronic machine that she says, "takes all the thinking out of setting type."

The Anvil Herald management hopes you like the new look and promises to show even more changes in the layout of the paper in the near future.

## Assistance offered

Mrs. Mildred Burt, Public Welfare Worker I, will be at Devine Nursing Home every Tuesday morning at 10:00.

She will be in the State Department of Public Welfare Office, 1115 1/2 17th Street in Hondo every Tuesday afternoon from 3 p.m. until 4:30 p.m.

Any persons from Lytle, Natalia and Devine, who receive Old Age Assistance, Aid to the Needy Blind or Aid to Permanently and Totally Disabled or any who wish to apply for these three programs may see her at times stated.

## Drop in anytime, Governor!

High winds Saturday night did what all the supporters of Dolph Briscoe could not do during his successful campaign for Governor of the State of Texas—they made him stop on Hondo. The Governor was

flying from Houston to Uvalde when the wind storm hit and due to the high winds could not land his Gulfstream I in Uvalde. So they turned around and landed at Hondo Municipal Airport, and a Department of

Public Safety crew drove the Governor and his party to Uvalde. Hondoans are sorry the high winds inconvenienced Governor Briscoe, but they are proud they had a fine airfield for him to use in this case of

emergency. They say: "Glad we could be of help, Governor. Drop in anytime, especially during the day when we can all meet you."

# Invitations mailed on Highway 90 meeting

Wheels are turning on the hosting of a Highway 90 meeting in Hondo on Friday, February 16 to discuss all aspects of the road and its impact on cities and towns from San Antonio to Del Rio.

Rep. John Poerner of Hondo has mailed a letter of invitation to mayors, city councilmen, county judges, county commissioners, and chamber of commerce presidents in Castroville, Hondo,

Sabinal, Uvalde, Brackettville and Del Rio. Additional invitations will be mailed later.

The letter, which went out January 16, invited these persons to represent their cities and counties at the

meeting to be hosted in the Hondo City Municipal Building by the Hondo Chamber of Commerce.

Rep. Poerner also extended invitations to Rep. James Nugent of Kerrville and Rep. Hilary Doran of Del Rio.

His letter of invitation read:

Dear Sir: Mark your calendar for a very important meeting to discuss improvements to Highway 90 from the Medina-Bexar County line to the City of Del Rio.

The meeting will be hosted by the Hondo Chamber of Commerce in Hondo at 2:00 p.m. on February 16th. Officials of the Texas Highway Department will be present for a general discussion. Mr. Mark Yancey and Mr. Dingwall have confirmed that they will be in attendance and it is my understanding that they plan to ask Mr. Fred Clark of the Del Rio Highway Department and Mr. R. O. Lytton of the San Antonio Highway Department to also be present.

I just wanted to advise you at this early date of the scheduled meeting so that you might arrange your calendar or agenda for that date. You will receive additional information and data from either my office or the Hondo Chamber of Commerce in this regard.

With best regards, I am,  
Sincerely,  
John H. Poerner

## Merchants appreciate local residents buying in Hondo

The business firms of Hondo appreciate the loyalty and patronage that you have shown over the years. They praise you, the customer for helping them make this the best shopping district in this area.

They have designated this week as "CUSTOMER APPRECIATION WEEK" in your honor.

All businesses are tangibly showing their esteem for you. They welcome your visit so that they may say, "Thank you!"

Read this week's special section of values and services available here. Don't fail to visit all of them for a pleasurable experience.

Hondo has everything to offer to fulfill your every need. There are more different business firms in Hondo than there are in the average shopping center.

Read about them in the Anvil Herald every week.

Every firm is interested in you, personally. Sponsors are Dan's Drugs, Medina Savings Association, Ben

## New 'typewriter' installed

Wanda Neuman, who does a tremendous job of setting copy for the Anvil Herald, Waelder Home Paper and Sabinal Times each week, has a new

toy to play with. And the difference in the type in this paper will show the results. She is shown at the Herald's new Compuwriter with Tom

Reno who installed the machine last Friday. The Compuwriter operates by electronic process on film and allows a wider variety of type changes.

## CHAMBER CORNER

BY LILLIAN PORTER

Dear Mr. Lawrence:

Scouting in the 13 counties of the Alamo Area Council scored an outstanding year in 1972 and your helping hand had a great deal to do with this record. Now, with the beginning of a new year, we want to thank you and to solicit your continuing interest in our efforts.

Through your media you have helped us send the news of Scouting, its events and personalities during 1972. And, last year, we made news:

A record boy enrollment that reached 21,000 boys.

Our 60th anniversary as a council, having been founded in 1912.

A record breaking annual Scout show attracting 26,000 visitors.

Establishment of a special program in Model Cities to take Scouting to less-chance boys.

Participation for the second year in Operation SOAR-Save Our American Resources-with some 15,000 Scouts in massive cleanups and conservation.

Again, this year our Scouts at all levels and their 7,000 volunteer adult leaders will be

That membership list just keeps growing! Latest two joining are Dr. Thomas K. Tompkins and Alex Barrientes. That makes 224.

Speaking of memberships, we mailed gift certificates to Mrs. Winnie Braden and Tony Mendez for signing up the most members during our one day drive. "Thanks, Winnie and Tony, and all the others who did such a marvelous job."

Sitting in the office on a 25 degree day that seemed rather cold to us, we had a visitor from Wisconsin who said, "Why it's warm here." He was Larry Grumberger who came in with George Alexander. He said he had left weeks of below zero weather.

Ernest Ybarra came in to inform us he had been accepted by the Coast Guard and was looking forward to his new adventure.

For all merchants who receive Salvation Army bills, I am now treasurer, so please send the bills to me at the Chamber of Commerce office, Box 126.

By the way, the next Salvation Army truck pickup will be January 22. Please phone your address to the Chamber office (6-2025) if you have anything for them.

Had a visit from Buster Rath the other day and he

was telling me all the good things Harry Filleman has done for our town and the admiration he holds for Harry. "So, you see, Harry, you are missed."

"Oh, yes, thank you Harry for your help in preparing our 1972 income tax and unemployment tax forms."

Some quick items: 11 job applications and referrals, 8 requests for hunting leases; two rentals, two maps, two job openings, two calls for Salvation Army, two requests for information on Alamo, call to find out who sells World Book in Hondo, call to get Travis Platt to contact Stanley Mumme.

Do you know we have up-to-date telephone directories from many Texas cities? When you need a number or address, come by, or just call.

### Later happenings

Everything seemed to start popping this week and activity jumped around here. For instance: we had nine inquiries and payments for the Junior Livestock Show pool; four requests for maps, five rentals, 12 job applicants and referrals, two food commodity, two out-of-town visitors.

We also mailed information

## Winds do damage damage

This fence and brick wall at the Rothe Martin home at 1219 28th Street felt the wrath of high winds which hit the Hondo and South Texas area Saturday

evening. And it gave before the onslaught. Other damages were reported in town with Allen Lee's television antenna being blown down and part of a

roof being blown off at the A. W. Brookshire home at 2912 Ave. I.

to the Dallas Morning News for the Texas Almanac; mailed letters to all prospective contributors to the Junior Livestock pool, mailed information to the Highway Department Tourist Department for the Calendar of Events, assisted the Cub Scouts, assisted the Hondo Garden Club.

At this time, on behalf of all Hondo Chamber of Commerce members we would like to welcome the Triple F Feed operation to town, and we hope their Open House last Friday was terrific.

Mr. and Mrs. D. C. Meyerholz of Ramsey, Illinois dropped by for Hondo Post Cards and Texas brochures.

Charles Comingore brought in names of four families he knows in Indiana and Ohio and thinks they might be interested in moving to this area. Hondo information is being mailed to them.

Out-of-town's do buy here and remember Hondo. Here's a case in point: 320 Pratt St. Watertown, New York 13601 January 14, 1973 Gentlemen:

My family and myself spent the holidays visiting relatives in Texas. We were in Hondo

shopping several times and found your people very friendly.

I purchased a blue roadrunner pin and small blue roadrunner pierced earrings for my wife. On our trip home my wife lost one suitcase and this jewelry was in it. I do not know the name of the store where I purchased these items.

It might be E. R. Leinweber Co. Could you refer this letter to the right store that they might write me the cost of these items including postage that I might order them?

Thank you.

Donald P. Bunce  
(Editor's Note: It was Leinweber's and Mrs. Eva Ping there remembers the Bunces.)

## Aliens must report on address in United States

Information furnished by an alien in making his annual address report to the Government is confidential.

According to Albert C. Vaughan of the San Antonio Immigration and Naturalization Service office, the information furnished by aliens in reporting their addresses has been declared confidential by statute.

These reports must be submitted during January each year by all aliens in the United States, with few exceptions. Forms on which to submit the reports are avail-

able at any Post Office or office of the Immigration and Naturalization Service. Persons who are unable to pick up a form because of illness, or other reasons, may have a relative or friend obtain a card for them.

The card should be returned to one of these offices or mailed directly to the nearest office of the Immigration and Naturalization Service. Parents or guardians of aliens under 14 years of age submit reports for such children.

## More about . . . Sparks

★★★★

Cont'd, from Page 1

years ago when Patricia, Terri and Debbie and I visited the LBJ Ranch and met President Johnson with a group of Texas Press Association members. I shook his hand and thanked him for "everything he had done for our country." But that was in a crowd and he was pressed on all sides by people, and I doubt if it was heard.

So I intended to write him a letter and put all my feelings in words on paper. But I didn't. I procrastinated. And now it's too late.

### ABRAHAM LINCOLN

... had a saying that might apply to every resident in Hondo or any community in the world.

He said: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him."

### THIS SAYING

... leads to others equally appropriate:

"The trouble with living it up is that so often you have to live it down."

"Don't go around complaining. You have one less leg to stand on when you kick."

"Keep your eye on the ball, your shoulder to the wheel, your ear to the ground—now—try to work in that position."

### BLEEDING HEARTS

... will be the eventual downfall of these United States. And for a prime example, let me present the San Antonio City Council.

By now, they have rescinded the resolution they passed (or that six of them passed) on helping re-build the hospital in Hanoi. But their duplicity in even considering such a resolution underlines what I mean by "bleeding hearts."

Many of our citizens bleed so easily for the criminal element that crime is about to take over our country. Now, the big bleed is North Vietnam—another criminal.

Let there be no doubt about it. The war in Vietnam could have ended many years back had North Vietnam wanted it to end. They could have pulled their troops out of the South and said, "O. K., Uncle Sam. We're out; you go home." And we would have come home.

But they didn't. Just like the criminal here at home. He knows he is breaking the law when he robs, steals, rapes or kills. Yet, he goes ahead and does what "he wants to do" and when he gets caught, he cries to high heaven that "society has treated him wrongly, and society (the victim) should forgive him."

Then when the "bleeding hearts" have their way, that criminal is turned loose on society again and in a majority of the cases will again victimize the very society that had compassion enough to turn him loose. Just like the protesters in Washington who have time and time again torn down the American flags around the Washington Monument and raised Viet Cong flags. That to me is as near treason as one can get.

So what does "society" say to do to them? "Slap their wrists, but not hard, because you might hurt them and they won't be able to come back to Washington next time and desecrate the flag that so many hundreds of thousands of people have died to protect since that day our Forefathers decided we were to become an independent nation."

I say there is one way. Put a tough old World War I or II top sergeant (if the service allows them to use the word tough anymore) on duty there with orders to "shoot the first one who touches the flag in a manner designed to destroy it." It might take two or three, but I believe the message would get through the hair, the dirt, the filthy words and the stupidity long, long before the 50 flags were gone.

So this isn't democracy?

No one ever said that democracy in itself grants blanket permission for the individual or the mob to act without responsibility to the "good of the whole country."

That is, not until the last few years when too many far out liberal judges begin deciding on their own that the best way to pacify a tantrum-throwing baby is to let him tear the house down. And you had better believe our house has been rattled to its foundation.

But, I believe the pendulum is swinging the other way. And it is about time. Until it swings back to the point where individual freedom is considered the greatest thing in the world until it begins to infringe upon the rights and freedom of others, then we must survive in a society that will find a man guilty of slaying a three-year-old child and give him a 10-year probation sentence (like in Tyler, Texas last week); and where a city council elected to solve the problems of a given city (San Antonio) votes to lay bare its bleeding heart to help a criminal nation whose government leaders (and this must include the population) are sworn enemies of everything in our country's system that stands for decency.

I believe in being fair to every person, regardless of who he is. But at the same time, I believe just as strongly that he should be fair to me.

That, to me is democracy.

### PURCHASING LIVESTOCK

... at the Medina County Junior Livestock Show February 5-6 will be no snap unless someone knows the ropes.

That is why each year the Hondo Chamber of Commerce serves as the collection point for money businessmen and individuals wish to contribute to a pool for this purpose.

Tom Hollmig of the Hondo National Bank will serve as buyer on this pool and thus the Chamber and contributors have the services of someone who knows what he is doing.

The idea has worked successfully for the past several years. Many business people wish to support the local exhibitors but do not have the time nor money to go it alone. Thus the purpose of the pool.

As of Tuesday afternoon, the pool had 10 contributors giving \$255. Deadline for contributing to the pool will be 10 a.m. Monday, February 5. Just mail your check, or drop it by the Chamber office and Mrs. Lillian Porter will record it.

### PUBLIC NOTICES

... you see them in this and other newspapers, but why are they published?

They are published to protect your RIGHT TO KNOW, and they are required to be published by law.

Public notices protect your right to be informed on matters of public record—to know what your government officials and governing bodies are doing.

We urge you to read all public notices appearing in this newspaper as one means of fulfilling one of your duties of citizenship—to be informed.

And if you desire additional information concerning any public notice, we urge you to exercise your right to inspect public records at all levels of government, and to attend public meetings.

At the same time, we urge you to read all you can on the proposed "closed meeting law" now being studied in the Texas Legislature. This law would make the rules stronger against closed meetings, and is a step in the right direction.

Once you have studied the proposed law, write State Representative John Poerner of Hondo and State Senator John Traeger of Seguin urging them to support it. It will be to your benefit.

## Poerner takes special pride

JOHN H. POERNER

BY JOHN H. POERNER  
15th LEGISLATIVE DIST.

As Dolph Briscoe, Jr., the 39th Governor of Texas, was sworn in this past week, I witnessed a special sense of pride. For 8 years the Governor had been the State Representative from my home county, and for the past 4 years I have represented Uvalde County. Both periods of time have covered a broad range of problems and approaches to government.

His first address to the joint session of the Legislature was one of the finest I have heard during my terms in office. He took a firm stand on crime control and revision of procedures to convict a criminal. I believe the majority of the district will wholeheartedly agree with his comment that hardened criminals should be retained in custody rather than being released on bail so they may pursue their trade in crime and hard narcotics. The Governor approved vocational-technical training in our State which is designed to reduce the welfare roles by improving skills and attitudes of those with low personal incomes. Following his speech, remarks from my fellow Legislators were generally favorable, and I would suspect that Governor Briscoe's image and influence with the Legislature will improve and increase in stature daily.

At this writing, there already have been more than 100 bills introduced for consideration for the 63rd Legislative Session. As has happened in the past, I assume that there will be more than 3,000 bills covering a variety of topics and issues for citizens of our State to live by if passed and signed by the Governor.

It is your Representative's observation that the subject matter is much more radical and far reaching than in previous sessions. It will require a great deal of our time and much assistance from "the home folks" to keep tabs on these bills as they proceed through the committee system and are finally voted on in the House.

Representing a predominantly rural section of Texas, I place special emphasis on

those laws that affect our area. I would like to mention a few of the bills that have been introduced which I feel are detrimental to our interests and would create a hardship upon the operation of our land and water. Some of those I feel should be watched are as follows:

**House Bill 13--By Joe Allen.** Relating to the creation of the office of ombudsman. Referred to Committee on State Affairs.

**House Bill 16--By Joe Allen.** Relating to dating of fresh milk, eggs and meat by a retail seller. Referred to Committee on Business and Industry.

## Credit management course to be offered

Dealing effectively with the public is just one of the important parts of credit accounts management to be covered in a special three-night course, beginning in Hondo Tuesday, March 13. Business and professional office employees in this area

will be given the opportunity to enroll in the course which will meet three evenings from 7 to 10 p.m. at the Medina Electric Co-op Building.

Offered by the Distributive Education Program of the Extension Division, The University of Texas at Austin, the course is sponsored locally by the Credit Bureau Service Center with D'Anis State Bank, Hondo National Bank and Lytle State Bank as co-hosts. It is designed for all business and professional office employees in customer account control and offers many ideas and materials for the medical, dental, and hospital professions as well.

William J. Strickler, credit specialist from the University of Texas at Austin, will conduct the course. His own successful career covers three different areas of business over a 30-year period. Strickler's humorous and down-to-earth approach to teaching explains his popularity in a number of states as well as Canada.

Basic material to be covered in the course includes the legal aspects of Truth-in-lending, Texas Consumer Credit Code, Texas Hot Check Law, and the Fair Credit Reporting Act.

Cost for this course is \$10 and includes materials. For further information call Credit Bureau Service Center, Devine, Ph. 663-2001, or Hondo, Ph. 426-2313.

## Fry receives medal

NEWPORT, R. I. --Navy Lieutenant Commander Michael S. Fry, son of Mr. and Mrs. Ervil S. Fry of Route 1, Dunlay, is congratulated by Rear Admiral W. L. Harris, left, after receiving the Navy

## Sgt. Garcia receives medal

Sgt. Simon Garcia has received the Army Commendation Medal at Fort Bliss, Texas.

Garcia is the son of the late Jose Garcia of Hondo and Mrs. Sara Garcia, now of Ogden, Utah.

The medal was awarded for meritorious service over an extended period of time. The citation noted that he demonstrated skills and dedication far above the average.

Sgt. Garcia earned the award while assigned as a squad leader with Battery C, Sixth Battalion of the Third Artillery.

Sgt. Garcia also holds a Purple Heart and a Bronze Star medal.

### RAINFALL REPORT

Reports from Hondo and Biry concerning the 1972 rainfall have been printed earlier, but this report from the north country at George J. Brucks' ranch bears inclusion in the total picture.

Brucks' figures are as follow: Jan.-1.30; Feb.-0.20; March-0.90; Apr.-2.50; May-7.40; June-1.60; July-1.60; Aug.-9.70; Sept.-3.0; Oct.-2.10; Nov.-1.0; Dec.-2.0. Total rainfall on his Tarpley Road ranch about nine miles north of Hondo was 31.50 inches. That compares nicely with Doc Taylor's 30.95 in Hondo, and Adolph Hutzler's 27.35 near Biry.

Commendation Medal at the Naval War College, Newport, R. I. He was cited for meritorious service as Active Officer Procurement Section Head with the Bureau of Naval Personnel from April 1970 to August 1972. Fry is attending a 10-month course at the Naval War College, the Navy's senior graduate level institution tasked with providing selected naval officers advanced education in order to improve their competence for higher responsibilities. He is a 1957 graduate of Jefferson High School in San Antonio and a 1961 graduate of the University of Texas in Austin.

## Tschirhart studies artillery

FT. SILL, OKLA. --Army Second Lieutenant Ferd G. Tschirhart, son of Denis F. Tschirhart of Castroville, recently completed a 12-week field artillery officer basic course at the Army Field Artillery School, Ft. Sill, Okla.

During the course, students gain proficiency in artillery techniques and are introduced to new weapons and doctrine.

The 22-year old lieutenant received his Bachelor of Business Administration Degree from St. Mary's University at San Antonio in 1972.

## SCS discusses 1973 conservation awards

Good morning, I would like to discuss with you about the 1973 Texas Conservation Awards Program. This awards program has been going on for 28 years. This program honors the persons who are doing the most to conserve our resources of soil, water and plants. The program honors State winners in Fort Worth each year. Also, the State has been divided into five regions which are honored each year. The Medina Valley SWCD is in Region II and the awards presentations will be made in San Angelo this year.

The Medina Valley SWCD directors select the entries that they want to enter each year. This year the directors have decided to have nine entries who are: District, Herbert Wurzbach, as the outstanding conservation farmer/rancher; Dr. Carl Goeth, outstanding absentee conservation farmer/rancher; outstanding conservation essay written within the district; J. O. Evans, Jr., as the outstanding wildlife conservationist; Pete Morales Inc., as the plant or industry that has done the most for environmental improvement; the D'Anis Lions Club as the Civic Group; KRME Radio Station and the Anvil Herald as the weekly newspaper that has done the most to promote conservation.

The directors with the help from the Soil Conservation Service are busy now assembling the information for each of the entries. The deadline has been set for February 15, 1973 for all the entries to be in.

The Medina Valley SWCD has done well in the past by winning its share of awards.

in this program. The District has won both Region and State awards of which they received \$1500.

Harold Stiegler has won outstanding conservation farmer in the State, Tony Zerr has won outstanding wildlife conservationist within the State, Mrs. Jerry Howard won the State Homemaker of the Year, The SCS Conservation Group won State for their outstanding work and received a check for \$500.

The Medina County Wildlife Association won State for its work with the preservation of wildlife habitat.

Another place where trials of wildman lovegrass is being conducted is on the Rowe Ranch, three miles north of D'Anis. Here the grass was planted in a pasture that had been rootplowed and raked. The grass is in a mixture of lovegrass and kleingrass. Both grasses have done very good. It is evident that cattle prefer kleingrass over wildman lovegrass. When two grasses are planted on the same area the use must be controlled on the grass that cattle will graze first. The same thing applies to native rangeland. If you are interested in any of these trials then contact the Soil Conservation Service in Hondo.

## Madelyn Fohn, Tommy Wilson wed

Miss Madelyn Fohn, daughter of Mr. and Mrs. Herman N. Fohn of D'Hanis, became the bride of Tommy Wilson, son of Mrs. Roy Wilson and the late Mr. Wilson of Hondo, in Holy Cross Catholic Church January 6, 1973. Performing the double-ring ceremony at 5 p.m. was the Rev. Victor Schmidtinsky, pastor of Holy Cross.

On each side of the altar was a 3-tiered candelabra with fern, white gladiolas, mums and red roses. Henry Martin Finger sang "The Lord's Prayer" accompanied by Mrs. Josie Finger on the organ.

Given in marriage by her father, the bride's dress bodice was of re-embroidered Alencon lace. Her sleeves and full skirt were of angel skin with a taffeta underskirt. The veil was made into a train trimmed in lace matching the gown. She carried a cascade bouquet of red roses with white feathered carnations and red baby's breath.

Mrs. Tom Attaway, San Antonio, sister of the bride, served as matron of honor. Bridesmaids were Misses Peggy Wilson, Hondo, sister of the bridegroom, Marty Rothe, Molly Finger and Gail Rothe, all of D'Hanis, and Marcia Bendele, Hondo, niece of the bride.

Serving her aunt as flower girl was Miss Jodye Sowa of Houston.

The bride's attendants were attired in floor-length dresses of moss green velvet featuring a shirred empire bodice. The long full sleeves were shirred at the upper arms and cuff. They carried white velvet muffs centered with a miniature spray of a red rosebud.

Mrs. Tom Attaway, San Antonio, sister of the bride, served as matron of honor. Bridesmaids were Misses Peggy Wilson, Hondo, sister of the bridegroom, Marty Rothe, Molly Finger and Gail Rothe, all of D'Hanis, and Marcia Bendele, Hondo, niece of the bride.

Cousin of the groom, Ronny Heiligman of Yancey, was best man. Groomsmen were Glen Garrison, Joey Decker and Steve Turner, all of Hondo, and John Fohn, brother of the bride of Fort Worth. Ushers included Glen Crain, Moore, Johnny Heiligman, Yancey, Dan Wilson, Hondo, and Rothe Carle of D'Hanis.

Ringbearer was Fohn Bendele of Hondo, nephew of the bride.

Misses Bette Zinsmeyer and Debbie Cheney served at the bride's table while Misses Gail Wilson and JoAnn Heiligman attended to the groom's table. The bride's book was attended by Jane Finger.

Following the ceremony approximately 650 persons attended the reception in St. Dominics Parish Hall.

Following their wedding trip to New Orleans, the newlyweds are now making their home in Yancey, where Mr. Wilson is engaged in ranching.

## This week All she wrote by Edna McDade

Issue date of this week's Anvil Herald is Jan. 25 — and mention is here made that there are now only 11 more months until Christmas 1973.

A good time to think positively about the Trade at Home promotion now in progress. Also a good time to be deciding on who is to earn the title of Hondo's Outstanding Salesperson.

I'll have to find out if I am eligible to vote. I can think of several "goodies".

In port here this week is the WWII sub USS Tirante, presently assigned to a submarine division in Key West, Florida, and said to be named for one of the 20 or more members of the barracuda family.

Purpose of the Tirante's visit is to encourage enlistments in the Navy. A chance to see the underwater world.

A newsy letter came from CLARA (Mrs. Floyd) KOCH this week and I am always glad to have news from Hondo. One of these days, I must answer some of my mail or the good folks will take me off their mailing list.

I remember a slogan used many years ago by a brand of flour still on the market: "Eventually — why now?" Might be a good one to try to follow by dilatory correspondents the likes of me.

Hat designers, I hear tell, are seeking "a definite statement in hats because clothes are so understated" — whatever that is. And, "look for baggier pants and more sensitive heels" this spring.

Lots of pants wearers have been needing baggier pants for a long time! Also, crepe de chine are coming back in. Land sakes, remember when everybody had to have at least one basic crepe de chine?

SMALL WORLD DEPT. — Last week one of the snow-fun pictures in the local news was of MRS. JOHN MUENNINK and her first snow man. Medina is a county of many Muenninks but I have found only two in Nueces County so far.

Mrs. M is a secretary in the County Parks & Recreation Department. She was not at home when I phoned but her young husband and I had a get-acquainted chat. John said his father was JOHN HENRY M., a former Medina Countian and now living in Oscoda, Michigan, after having retired from military service. John's uncle, MARVIN M. lives in Devine — so we have area duplicates to add to coincidental information and identity confusion.

Halley's comet has been in the news again and I learned that its discoverer, Edmund Halley who died Jan. 14, 1742, observed it first in 1682 and decided that it was the same comet that had been reappearing in our area of the universe every 76.1 years since 240 B.C.

Its last public appearance was in 1910, so its next one will be in May, 1986. Now, if you can wait up 13 years. . . .

I recognized a few familiar names among the week's listing of Texas A&I students who had won honors the past semester, Dean's List or Honor Roll.

From Medina County were HONDOANS Victor Rios, Jr. and Mary Ann Martin; from DEVINE, Helen R. Griffin and Carmen A. Rivas; from NATALIA, Elizabeth A. Aguilar; and from BIG FOOT, Doris Neumann and Martin E. Neumann, Jr.

Circa 1905, Bear Creek School was among Medina County's institutions of learning. Anyone remember it?

All I know about it is that, now some 67 years ago, the County Commissioners of that day granted permission for a second class road to be built from the school to Antioch Church. Where was the Church?

They also "duly appointed a jury-of-view to lay out such road under the supervision of the county surveyor". Doubtless the work was duly done to the satisfaction of all concerned.

Although considered "man's best friend", dogs continue to pose problems for cities.

Castroville's dogs are no exception, although they must also be considered literate (no pun intended) by at least one householder who has posted hand-lettered signs along the property fence line. In plain words they read "This is no dog's toilet". That he who runs may read? And, hopefully heed?

## T.C. Hill services held in Hondo

Thomas C. (T. C.) Hill, who had lived in Hondo only a few years but was well known and well liked by all who knew him, was laid to rest on Wednesday, January 24, funeral services.

He died on Sunday, January 21 at the Medina Memorial Hospital after an extended illness.

Mr. Frank Perkins of the Hondo Church of Christ officiated at the 10 a.m. services in Guinn-Horger Chapel. Burial was in the Sabinal City Cemetery.

That year he began work for the Missouri Pacific Railroad as a trainman and remained with the company until his retirement in 1960. He lived in Pleasanton from 1942 until 1967 when he moved to Hondo.

Hill was a member of the Church of Christ and served as an Elder of the Crystal City Church of Christ.

He is survived by his wife, Mrs. Veva Hill of Hondo; three sons, T. C. Jr. of Crystal City, Dr. Floyd of Hondo and Jerry of Mexico City; a sister, Mrs. Kate Hill of Uvalde; seven grandchildren and one great-grandchild.

## WSCS ladies meet

The afternoon circle of the W.S.C.S. met in the Methodist Church Educational Building Wednesday, Jan. 17.

The meeting was opened with a prayer by the new leader, Mrs. O. M. Redus. This was followed with a song "Jesus Calls Us". Mrs. A. C. Gilliam gave a very interesting talk on the work being done in foreign countries by the united churches.

After the Missionary benediction, the hostesses, Mesdames A. J. Eckert, Addie Cochran and Decker served delicious refreshments to the 20 members present.

The February meeting will be held in the home of Mrs. Alfred Brucks.

## Moehring's is both a large and a small business

Many people claim that a home-owned business just can't compete with a bigger chain-type organization, because the larger stores can buy much more cheaply from the supplier than can a small business.

Others say that's true, but a chain store just can't give the service and friendly honest service that is offered by a small family business. Both may be right.

But here in Hondo there is a store which manages to combine the best of both systems under one roof—a family-owned business with access to chain-store type volume buying from the manufacturer.

Moehring's True Value Hardware Store combines with more than 4,400 other progressive hardware dealers, for the best in straight-from-the-factory low prices.

Yet Harold and Gladys Moehring solely own the store and give it and their customers the kind of personal attention

OWNERS AND OPERATORS

... of Moehring's True Value Hardware Store, Mr. and Mrs. Harold Moehring stand at left beside clerks Mrs. Gladys Schmidt and Mrs. Alma Zerr.

which family businesses are noted for

Working in the store with the Moehrings are Mrs. Alma Zerr and Mrs. Gladys Schmidt.

The store features more than hardware. There is a gift, bridal, and housewares de-

partment as well as a general tool and hardware department.

Moehring's also handles bolts and pipe fittings, and steel, plastic and PVC pipe.

Moehring's is the authorized Gould's Pump and Flint & Walling Pump dealer for this area.

The store keeps up with the latest in merchandising trends. The Moehrings attend the Dallas Gift shows and the Chicago general merchandise and hardware show. In addition, Harold also attends the annual Tru-Test Paint seminars.

For livestock owners and horse lovers, Moehring's has a complete saddlery and leather goods department, with tools and materials for grooming and handling livestock.

Early morning KRME radio listeners are familiar with Moehring's Bargain Counter, a program which gives free radio time to individuals with items for sale or trade, or lost and found articles.

## Hondoans can shop 3 ways at Perez Sales Agency

Jack Perez is a good example of a hard-working Hondo merchant. He and his wife Amalia own and operate the local Montgomery Ward agency, which is a full-time job in itself. But Jack also is employed at Gary Aircraft. So, every afternoon he returns from one job inspecting aircraft components and machinery, and begins another job installing and maintaining appliances for his Montgomery Ward customers. Meanwhile, his wife attends to the store and showroom during the day, providing courteous service to the patrons of the business.

In addition to the Perez family, two other employees—Jean Zerr and Tina Contreras—serve the customers.

The Montgomery Ward store serves Hondoans in three ways: First, a sizeable inventory of fashions, both major and minor household appliances, and automotive parts and accessories are on sale in the showroom. For customers wishing to order from the huge

Wards warehouses in Fort Worth and Chicago, the store

serves also as a catalog ordering center. And for the housewives with small children or anyone who can't take the time to come downtown to shop, the store offers catalog ordering service by telephone, at 426-2324.

In most cases, tires or other auto parts ordered from the catalog in Hondo can be delivered within four days. In no case does an order take more than ten days to be delivered, even from the Chicago suppliers.

A native of Boerne, Jack Perez came to Hondo in 1965 to stay, after visiting relatives in Hondo during the summer months for several years. Here he met his wife, the former Amalia Martinez, who is a Hondo native and a graduate of Hondo High School.

In 1969 they took over the three-year-old Ward agency in Hondo, and they have owned the business ever since.

Through the Perez Sales Agency, the customer has access to over 25,000 items in the Wards inventory, from

fashions to auto parts, to televisions.

"We believe in treating the customer right, because if we do, he'll treat us right also," said Jack when asked about his way of doing business.

Will the Perezes remain in Hondo with their business career?

"Of course we will. We've got a good thing here, and you can't beat a small town's people of friendliness."

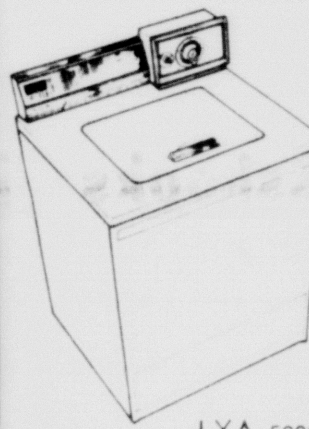

THREE WAYS TO SAVE

... are shown in this one photo, as demonstrated by Perez Sales Agency owner Amalia Perez (left) and clerk Jean Zerr. In addition to shopping the merchandise in the store, customers can shop by catalog, or they can phone in their order from home.

**SMILING SALESLADIES**

"This store when it was built in 1964 was a sort of trial, to see whether a Winn's store could make it in a small town. The results, since then, have been most gratifying," revealed Hondo Winn's Manager Jim Prenzier as he spoke of his store's coming to town.

In doing so, Winn's has helped Hondo to be a friendlier place to live and shop.

Winn's success is due in large part to the people there who have been meeting the public since the day the doors first opened.

Some of the original salesladies are still working at Winn's today, and others have been added over the years, but their basic goals of friendliness and courtesy remain unchanged.

There are twelve employees today at Winn's. All are local or area residents, and each one takes an interest in the individual customer. Mrs. Juan Mendoza, Mrs. A. W. Schmiz, Mrs. Clarence Neuman, Mrs. Ruby Teer, and Mrs. Elita Sanford are all veterans of more than two years service in the store.

Winn's store in Hondo tries daily to add to their reputation as a friendly, helpful aid to Hondo and Medina County shoppers. Shown here are five salesladies who keep up that reputation. From left to right they are Ruby Teer, Nettie Mendoza, Mary Ann Garcia, Dorothy Neuman, and Berta Schmiz.

Mrs. David Barrios, Gloria Koehler, Mary Ann Garcia, Vangie Carmona, and Nieves Garza are newer employees who add to the service at Winn's. Stockboys Hector Galvan and Eddie Johnson see to it that the new shipments of stock which arrive constantly are promptly put on display for sale.

Asked about his philosophy of business, Prenzier replied, "I guess it all comes down to just doing the best job you can, day in and day out. You hope it's satisfactory in the long run, and you have to seek out and listen to constructive criticism when it's due. No one is right 100 percent of the time, but no one is wrong 100 percent of the time either. We just try to go each day knowing we are doing our best to treat the customers right."

**The Drug Shoppe**  
**is Hondo's**  
**newest drugstore**

The Drug Shoppe, newest and most modern drugstore in Hondo, was opened on October 16 of last year by Jack Gruber and his wife, Beverly.

For Gruber, it was a major step since coming to Hondo in May of 1970. Neither Jack nor his wife have regretted the move. "We have found that this community really helps newcomers," says Jack, who came from San Antonio. He adds that O. A. Fly, retired Hondo drugstore owner, had the greatest influence on his career.

The Grubers have become deeply involved in community activities. Jack serves as a chairman of the local Camp Fire organization, is a member of the Hondo Lions Club, and serves in the Baptist Church. Beverly is a Sunday School teacher.

The Grubers have three children, Kim, Shannon and J. The Drug Shoppe reflects Jack's commitment to the people of Hondo. The store offers 24 hour service for prescription needs simply by calling 426-2555.

Day or night, prescriptions are filled at the Drug Shoppe with a high degree of professionalism. Jack is a member of nearly all pharmaceutical associations on local, regional, state, and federal levels.

# German couple pay visit to Hondo

"The only real souvenir that we can take back to Germany is a memory of all the friendly people we have met here in America, and especially in Hondo."

These were the words of Karl and Liesel Fuehrer of Kassel, Germany, who spent a weekend in Hondo visiting the Albert Rowletts. They came with their daughter, Mrs. Sue Holcomb of San Antonio, who is a friend of the Hondo couple.

Mrs. Holcomb came to the United States in 1952 and was married to Alvah J. Holcomb who was in the service at the time of his death in April 1972.

Her parents came to America to fill a life long desire to visit this country. And their visit to Hondo did prove to be a highlight. In fact they were amazed that so many people speak German. They speak no English so this they loved.

The Fuehrers live in Kassel, a city of 200,000 population about 120 miles northeast of Frankfurt. He was employed by the Wegmann Company for 50 years prior to his retirement in November 1972. He was an industrial engineer who designed and built railroad passenger cars for German and European railroads.

They had not seen their daughter since 1963, so they just hopped a plane and 11 hours later were in San Antonio. "Incredible!" said Mr. Fuehrer. "And it is a new world. We feel like we have left the country and come to the city. America is so advanced compared to our way. You live a much faster pace." And commenting on seeing very few people walking, he said, "You Americans drive everywhere."

While in Hondo the foreign visitors toured the Herman Reus farm, toured the countryside and visited the Medina County Museum.

They liked the "vastness" of our land. Talking about Hondo, they said, "Out here, everything is so clean. Everything is so fresh. Even a large city like San Antonio is clean. In Germany, they say America is a land of opportunity. When we arrived, we see that it is so."

Mrs. Fuehrer was amazed at the variety of meats, fresh vegetables, and other foods offered in the grocery stores. "These things are here even in the winter," she said. "The American housewife has it a lot easier than in Germany due to the technical advances in the home. We do not have all the electrical appliances there."

The Texas weatherman was not on good behavior during the visit and introduced them to a wintry blast. "We always thought it never snows or gets cold in Texas. But the day spent in Hondo was beautiful."

The tour of the Reus farm brought several sighs from the industrial engineer over the various implements used by the farmers.

Also leaving a lasting impression were the many pictures Reus had on wildlife and fish. This brought on the

questions: "Do you have any rattlesnakes?" Reus produced several sets of rattles he had collected from snakes killed on the farm and presented them with a set.

When they left the Reus place, they commented: "Now we can say we have been on a Texas Farm!"

Registering as visitors to the Medina County Museum where they were shown around by John Wentz, they expressed great satisfaction at seeing the displays, and were much impressed that the Museum is housed in the old depot.

Since the Fuehrers were so enthusiastic about everything, Rowlett asked them as they were leaving: "Surely, there must be some disappointment about your visit to America."

And the railroad engineer had the answer: "My only disappointment is that there are no passenger trains."

VISITING HONDO—recently were left to right: Liesel and Karl Fuehrer of Kassel, Germany. They came to Hondo with their daughter, Mrs. Sue Holcomb, center, who is a friend of Mr. and Mrs. Albert Rowlett.

## J.V. Penland services held in Hondo

Funeral services were held January 17 for Jesse Vernon Penland, of San Antonio, who died in Bexar County Hospital Sunday, January 14, 1973.

A retired accountant, Mr. Penland was born August 15, 1904 in Utopia, Texas, a son of the late James and Dim Penland. He had lived in Uvalde and Dimmit Counties and during his retirement made his home in San Antonio.

Surviving Mr. Penland is his widow, Ora Penland, a son, Wesley Edward Penland, of Oklahoma City, Oklahoma, and a sister, Mrs. Polly

McFaden, Corpus Christi. Conducting the service was Rev. Home Weimar, pastor of First United Methodist Church of Hondo, in Gunn-Horger Funeral Chapel at 3:30 p.m. Interment was in Oakwood Cemetery, Hondo, under the direction of Gunn-Horger Funeral Home.

Pallbearers were C. C. Harilee, Jr., Sidney Harilee, Fred Wright, James Rogers, Edward Harilee and Bob Thompson.

His wife is the former Ora Harilee of Hondo.

## County students excel at A & I

Seven hundred and twenty-nine students at Texas A&I University have been recognized for high grades during the fall semester by being named

to the Dean's List or the Honor Roll.

Dean's List requirement is a grade point average of 3.65 out of a possible 4.0 (straight A)

average. To make the Honor Roll, a student must have a 3.5 average.

Six Medina County students were among those recognized. Included on the Dean's List are Victor Rios, Jr., of Hondo, and Helen Ruth Griffin of Devine.

On the Honor Roll are Mary Ann Martin of Hondo, Debra Ann Cheney of D'Hanis, Carmen Aida Rivas of Devine, and Elizabeth Ann Aguilar of Natalia.

## Boy Scouts reach high enrollment

SAN ANTONIO--The Alamo Area Council, Boy Scouts of America, of which Hondo and Medina County are a part, has reached its highest enrollment of boys in history.

The 20,000th Scout was reached last weekend, since that time, almost 500 more boys have joined one of the levels of Scouting, announced Herbert J. Wilkins, council Scout executive.

"We are heading for our 21,000th Scout and it could well be that a boy residing in Hondo or Medina County might be the one enrolled to reach that plateau," Wilkins noted.

The council is composed of 13 counties in Southwest Texas, ranging from the Hill Country to the Brush Country and from Guadalupe County on the east to Medina on the West. The council was formed in 1912.

# Outstanding student

Irma Campos, left, proves she knows how to use the electronic printing calculator in her Vocational Office Equipment class at Hondo High School. In fact, Victor Corporation, who manufactured the machine, said in a letter to the daughter of Mr. and Mrs. Pedro E. Campos of Hondo: "You have achieved a level of proficiency that exceeds the high national standards of Victor's advanced courses. This places you in a select group of outstanding figuring machine students in the United States. G. E. (Pete) Pedroza, manager of the Anvil Office Equipment in Hondo that supplied the machine to the school, presents Irma with a certificate. Proud of the achievement are High School Principal Bob Nations and Mrs. Richard D. Gwartney, VOE instructor.

# Pete Morales Jr. director of Federal Reserve Bank

Pete Morales, Jr., Executive Vice President and General Manager, Morales Feed Lots, Inc., Devine, has been appointed a director of the San Antonio Branch of the Federal Reserve Bank of Dallas. This appointment was made by the Board of Governors of the

Federal Reserve System in Washington and is for a three-year term.

Morales is well known throughout the South Texas area as a leader in the feedlot industry. His operations south of Devine have been one of the outstanding examples of innovation in developing new and more efficient methods of handling cattle in a feedlot.

Capacity of the Morales Feed Lot is now approximately 8,000 head and nearly 25,000 head are processed each year. One of the unique features of the operation is the recycling of feedlot wastes as fertilizer for Coastal Bermuda Grass. The operation is further integrated as the forage harvested from the Bermuda grass pastures is converted to pellets for feed in the feeding operation.

Pete Morales, Jr. is a graduate of St. Mary's Univer-

sity in San Antonio and joined his father in the operation of a 625-acre ranch following graduation. He then expanded the operation to include the feedlot that now is the major enterprise for the company. Pete is an active member of the National Rifle Association as well as numerous community and civic programs in the San Antonio-Devine area. He replaces Dr. W. A. Belcher of Brackettville on the San Antonio Board.

As a member of the Board of Directors of the San Antonio Branch, Morales will be one of seven men who provide a liaison between the business and agricultural community and the Federal Reserve System, the central banking system of the country. There are 12 Federal Reserve Banks with 24 branches throughout the nation. The Federal Reserve Bank of Dallas also has branches in El Paso and Houston. The San Antonio office provides central banking services to a large part of South Texas extending approximately from Austin to the Lower Rio Grande Valley and westward to Sanderson. Banking resources of the more than 200 commercial banks in this area are nearly \$4 billion. The San Antonio Federal Reserve office is a source of currency, coin, and credit to banks, and also provides regional clearing facilities for the collection of checks, money orders, U. S. Government checks, and many activities for the United States Treasury, including the issuance and payment of Government securities and savings bonds.

Airman Perkins, who studied supply storage and materiel handling, is being assigned to the 96th Supply Squadron at Kelly AFB, Texas.

The Airman attended Hondo High School.

## SOCIAL SECURITY QUESTIONS & ANSWERS

QUESTION: When I become 62 this year, I want to retire and get social security benefits, but I can't find any document to prove my date of birth. Now what can I do?

ANSWER: Get in touch with any social security office, and the people there will be glad to help you. Although you may not have a copy of a birth or baptismal certificate, one of these may still be shown on official records. If not, there are other documents, such as a census record, a school record, or an insurance policy, that can be used to establish your age.

QUESTION: Since I'll be 65 in a few months, I was planning to come in to the social security office and apply for monthly retirement payments. But last week I broke my leg and can't get around very well. How can I apply now?

ANSWER: Call your social security office. Most applications can be completed by telephone. If necessary, the people there can arrange to have a representative visit you at home.

QUESTION: I'll soon be 62 and plan to quit work then and retire. I have raised my two grandchildren since they were babies. Now they're both in grade school. Will they be able to get social security checks on my record when I start getting monthly benefits?

ANSWER: Possibly. Under recent changes in the social security law, grandchildren can get monthly checks based on a grandparent's earnings record if certain conditions are met. You should file a claim for benefits for them at any social security office and receive a formal determination on the matter. This can be done when you apply for your retirement benefits.

## SOCIAL SECURITY NEWS

CHILDREN NEED SS NUMBER TO ACQUIRE U.S. SAVINGS BOND

WASHINGTON — Starting next Oct. 1, the children around your house may be required to obtain a Social Security number before you can give them a Series E savings bond.

It's all part of a little-publicized regulation the Treasury Department announced on the seltzer side of Christmas: no more savings bond sales after Oct. 1, 1973, without someone's Social Security number on it.

Treasury officials claim it's being done for a "more efficient record-keeping system."

There are more than 3.4 billion bonds now registered with the government, and another 130 million are being sold annually.

"The similarity of names and multiple changes of address often hamper the identification of bond holdings and the expeditious processing of requests for information or claims for the replacement of lost, stolen or destroyed bonds," explains the official version of the reason.

But what it boils down to is that after next October, either the buyer or the recipient or the first-named co-owner will have to register his or her Social Security number in order to buy bonds.

It is conceivable, under some circumstances, that a newborn infant will have to be assigned a Social Security number so he or she can receive gifts of bonds — provided no one else will list his number as a co-owner or as purchaser.

So far, the requirement has generated no response from the public and only a smattering of inquiries from banks.

The banks wanted to know what to do about gift bonds going to persons whose Social Security numbers are unknown or who are too young to be required to have them.

The official reply is that the Social Security number of the buyer is to be listed and the word "gift" typed above it. That way, one Treasury spokesman explained, the ownership record of the bond will be kept in a separate file.

## Coastal stops erosion

Medina Valley Soil and Water Conservation District estimates that 5,000 acres along the Hondo, Verde and San Geronimo Creeks and the Medina River need treatment to prevent further erosion and resulting siltation.

This picture shows cattle grazing Coastal Bermudagrass along San Geronimo Creek on the Herbert Wurzbach farm at Rio Medina. Before 1971 this land produced mesquite and other brush. Absence of protective ground cover allowed water to erode the soil on

the steep slopes, contributing to silt pollution of the Medina River. In 1971 Wurzbach cleared the brush, filled the smaller gullies, smoothed the slopes of the creek and sprigged them with Coastal Bermudagrass. The Soil Conservation Service assisting the

## Country River Festival slated in San Antonio

Paseo del Rio's fourth February festival has been scheduled for the weekend of Feb. 2, 3 and 4.

Billed as Great Country River Festival, the salute to the Old West is sponsored by the Paseo del Rio Association.

Special entertainment is being provided by local radio station KKYX. The weekend celebration will include country western music by local bands, performances by the Bexar County Gunslingers, a variety of chuckwagon-style

cooking and beer and soft drinks. Artists and craftsmen will display works in varied media and several special demonstrations will complete the three-day calendar of events.

Festivities will continue throughout the weekend from 5 p.m. to 10 p.m., Friday; noon to 10 p.m., Saturday and noon to 8 p.m., Sunday.

All Great Country River Festival activities are free and the public is invited to attend.

## Mico News

BY VIOLA DUGOSH

**FIRE DEPT. MEETS**  
The Mico Volunteer Fire Department held its regular meeting on Tuesday evening at 7:30. Sixteen members attended this meeting. Business meeting included the May Fund Raising Fund event.

Mrs. Conrad Wurzbach served refreshments.  
**ST. FRANCIS**  
St. Francis Chapel Council met and elected three new members Saturday night. Those elected were Matt Dugosh, Conrad Wurzbach and Tom Seekatz.

The council will meet on Thursday night, Feb. 1st, at the Fire House.  
**SURPRISE PARTY**  
Friends and relatives surprised Matt Dugosh on Sunday, Jan. 21, his birthday. Those enjoying the afternoon with a lot of goodies were Verner Koch and family, Tyrus Koch and family, Marvin Koch, Mr. and Mrs. Arthur Pue, Roger Pue and family, Mr. and Mrs. Werner Tatch, Mark and Mike Wilks, David Farrens, Tim Hanna, Chris Duffin and Bobbie Earnest, all of San Antonio, and Mrs. Minnie Eaton and Jack Hayes of Seattle, Washington.

Application for disability benefits may be filed after a worker's death under new provisions of the social security law becoming effective in January, according to Roy L. Swift, social security district manager in San Antonio.

"This change won't affect many people, but it can be important to some families," Swift said.

The provision will only apply in cases of deaths occurring after December 31, 1969, Swift said.

"But there is a deadline for filing such application," Swift said.

In the future, survivors will have three months after a disabled worker's death to file an application for his retroactive disability insurance benefits, he explained.

"But an application must be filed before February 1, 1973, if the worker died in October 1972 or earlier," Swift said.

Previously, applications for disability benefits had to be filed while the disabled worker was still alive.

The change in the law will provide benefits to the survivors of workers who were severely disabled for six months before their death but for some reason didn't apply for benefits.

For further information, see your social security representative, Mrs. Dottie Fry, when she is in your area. She will be in Hondo at the City Hall, at 8:45 a.m., Monday, January 29.

**FEBRUARY**

Feb. 11-19 Rio Grande Valley International Music Festival & Opera, McAllen. Now in its 13th year, this event was originated for the purpose of providing Valley students with the opportunity to enjoy live symphony performances. To do this and underwrite most of the costs for the children's concerts, it was necessary to also schedule performances for adults. The result is a schedule of 22 performances—children's, pop, concert, symphony and opera—in five cities during the nine-day festival. Over 20,000 children and 6,000 adults attended last year. This year the San Antonio Symphony will perform in the host city McAllen, in Harlingen, Edinburg, Pharr and Reynosa, Mexico. For all 13 years the cost for children's tickets has remained at 50¢. Adult tickets for concerts are \$3.50 and opera tickets cost \$3-\$12. A complete schedule and tickets may be obtained from the Rio Grande Valley International Music Festival & Opera, P. O. Box 1915, McAllen, Texas 78501.

# Owls preserve streak—down Dilley, Cotulla

The Hondo Owls remained undefeated in District 28-AA basketball play Tuesday night with an easy 81-56 win over Cotulla in the Hondo gym. The Owls got a 32-point effort from Keith Ligon, and Doug Helvey and Brian Finger each scored 15 points as the Owls won their seventh district game without a defeat. Ruben Lopez scored 18 points to lead Cotulla while Barry Myers added 15 points.

Hondo built up a 38-29 halftime margin and then outscored the visiting Cobwebs 43-27 in the second half.

The Owls also won the "B" Team game 41-27 with Bobby Rios and Bob Spears each getting ten points.

The Hondo Freshmen did not play Tuesday night, but Monday lost a one-point decision to Boerne.

The Owls return to action Friday night on the local court hosting Medina Valley. Next Tuesday the Owls will travel to Carrizo Springs for their second encounter with the Wildcats.

The Hondo-Medina Valley game will be the first to be broadcast this year on a tape-delayed basis by Radio Station KRME. The remainder of district play and post-season playoff games will be taped for rebroadcast and played back at 10 a.m. the day following the games. The Hondo-Medina Valley game will be aired Saturday morning at 9 a.m.

The Owls had moved two games in front at the halfway

point in the District 28-AA Basketball race last Friday.

They moved two games in front of Pearsall after posting a 58-44 win over Dilley while the Devine Warhorses were upsetting Pearsall 57-56. The Maverick loss leaves both

Pearsall and Devine with 4-2 district records while the Owls move to 6-0 in district play and 9-4 overall.

Keith Ligon and Doug Helvey paced the Hondo win with 28 and 14 points respectively, as the Owls took the

lead early in the first quarter and never fell behind.

Friday night also saw the Hondo "B" Team absorb their first loss of the season as they dropped a close 48-44 decision to the Wolf "B" Team.

## Rook Tournament entries sought

The D'Hanis Lions Club is looking for talent to man the rook tables on February 4 and 11 in the Second Annual D'Hanis Rook Tournament at St. Dominic's Hall, D'Hanis.

Contestants must enter in pairs for the event. Registration set at \$5 per couple before 12:30 p.m. Sunday February 4, can be made either at D'Hanis Lumber Company or at Medina Savings Association, Hondo, during regular business hours. All contestants must be above high school age to enter.

Entrants may also register at the door on February 4, between 12:30 and 1:30 p.m. for a fee of \$6 per couple. No entries can be made after 1:30 p.m.

The tourney will begin with preliminary instructions to teams at 1:30 p.m., and play will begin promptly at 2 o'clock.

Both days of the tournament will see five 40-minute games with a 5-minute break between

games. The schedule calls for play to end each day by approximately 6 p.m.

For refreshments, the Lions Club will have a concession stand in the hall, with parisa, sandwiches, chips, soft drinks and setups.

A twenty minute break in the tournament at about the halfway point will enable hungry and thirsty Rook-sharks to enjoy the food and

drink.

Prizes for winners will be the same as last year, and copies of the tournament rules will be available with the entry blanks at both entry locations.

Veterans of the 1972 tournament will attest that it's a great way for card-playing deer hunters and their football widows to get reacquainted after the long autumn and winter.

## Training rules set

A new directive sent out by the Hondo Coaching Staff spells trouble for any Hondo schoolboy athlete who is caught smoking, drinking, or experimenting with drugs in any form.

Sent in the form of a letter to parents of athletes, the new rules state that any athlete caught breaking training will be removed from the athletic program for approximately one year. At the end of this period, he may return to the athletic program.

Reasons set out for the rule are these: Students involved in athletics "must dedicate themselves during their athletic careers. A very important part of this dedication is training." The coaches believe that dedication of this type must be carried on during the sport in season and also in the off-season program. A young man is an athlete the year around, not just during the months of his sport.

Even if the student athlete is not participating in the sport in season at the time he is caught breaking training, "he will still be removed from the athletic program until the following year" about the same time.

The letter concludes with an appeal to parents to cooperate in stressing the importance of keeping training.

## Would you believe track in Hondo!

Yep, that's what this is, the beginning of a field for competitive track and field events in Hondo. The Owls will field a track team this year for

the first time, "if we have enough boys interested" say school officials. This is being constructed on school property near McDowell Middle School

which can be seen in the background. Track season usually begins around the first of March.

## HHS adds track program

Hondo High School will begin an all-new program this spring as Head Coach James Bohls fields the first Owl track team.

Interest has been high among prospective track and field men. Fifty-two young men have joined the program, which gets underway late this week.

A new track is now being built on the grounds of McDowell School, and jumping its, as well as discus and shot put areas are also planned.

Among the entrants in the track program are 18 Freshmen, 10 Sophomores, 13 Juniors, and 11 Seniors.

The first meet where the Hondo team will participate will be the Devine Track Meet on Saturday, March 3. The Hondo team will also compete in the Pearsall meet on March 10, Kerrville meet on March 16, and the Uvalde meet on March 23.

The district track field meet is scheduled for April 6, in Pearsall.

## SA Stock Show features 950 Lb. Man

Mike Walker, weighing nearly as much as any one of the prize winning steers — 950 lbs., may turn out to be one of the main attractions at the 1973 San Antonio Stock Show and Rodeo, Feb. 9-18.

Mike, who once weighed in at a mere 190 when he was in the Air Force, has been all the way up to 1,180 lbs. But now he's on a diet, losing an average of 25 lbs. per week.

Mike blames his enormous weight to the illegal use of drugs. While stationed in Korea just after that conflict was over, Mike says, things were boring and he started experimenting with drugs. Not only did the drugs — he was on opium — have a tremendous psychological effect on him, they also stimulated his appetite.

That was in 1955. Four years ago he was up to 700 lbs. and lost the ability to walk. By May, 1972 he weighed in at 1,180 lbs. It was then that doctors put him on a strict 1,500 calorie per day diet.

Mike now lives in a 15 x 45 trailer home almost motionless on a special bed. The trailer has a window through which, for a fee, spectators can view him. He will be one of the attractions at the Alamo

Exposition Show's carnival midway during the Stock Show.

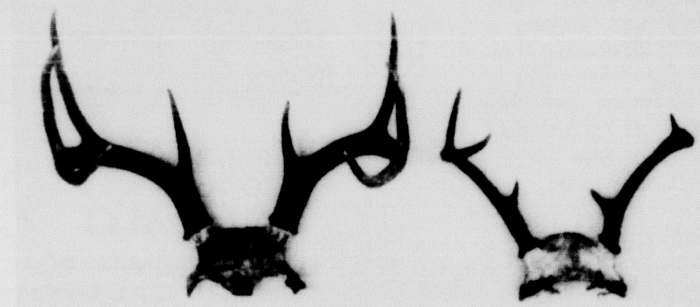

Mike is touring the country, placing himself on exhibit, in order to raise funds in support of the Christian Farms of Killeen, Texas, a non-profit organization working to help youthful drug users to kick the habit.

"I know what they are going through but my case was unique," Walker admits.

Doctors agree that some mysterious chemical imbalance caused by the constant use of drugs after his return to the U.S. caused him to eat himself into a mountain of unmovable flesh.

"I would eat anything. In addition to the drugs which stimulated my appetite, I would down a complete 15-inch pizza, an entire chafing dish of macaroni and cheese, a loaf of bread and wash it down with a gallon of milk. In between meals I would consume 20 to 30 12-oz. cans of soft drinks," Walker says.

Even if he continues to lose weight at his present rate, Mike can look forward to at least two and a half more years before he will even be able to attempt to sit up by himself.

## Which is the old buck? Neither!

By Jerry Turrentine  
Biologist, SCS

An age determination made by examining the tooth wear on the molars of the lower jaw shows that both bucks were 2½ years old when killed. The bucks were killed in adjoining pastures separated by a deer-proof fence. Why is one set of antlers larger than the other?

There are many factors influencing antler size which interact in varying degrees, causing the many different sizes and shapes of antlers.

Several factors which affect antlers are quality and quantity of vegetation, which determines the amount of nutrition received for body maintenance, growth and antler development in bucks; genetics; age; population density; physical injury; internal and external parasites; and diseases.

With these points in mind, let's consider why the bucks in the photograph differ in the size of their antlers.

There were no detectable physical injuries on either buck. Both had similar internal

and external parasite loads, and neither appeared to be suffering from disease. The bucks probably had some genetic differences.

But an obvious difference was the amount of food available in the different pastures. The larger buck was killed in a pasture that was stocked moderately with cattle (which were rotated) and had plenty of good food items available. The smaller buck was killed in a pasture that had been heavily stocked with goats in the past and is now heavily stocked with sheep and cattle.

This heavily stocked pasture had much less deer forage available than the moderately stocked pasture in which the cattle were rotated.

The amount of forage must be adequate both in quantity and quality in order for bucks to grow in body size and produce desirable antlers. One very important principle is that nutritional demands for body maintenance and growth take precedence over nutritional demands for antler growth. This simply means that a growing deer on poor rations will not produce antlers equivalent to his genetic capability.

Deer growth as measured by body weight is not constant but seasonal. Most growth occurs during the summer and during the fall before the breeding season, food consumption is reduced and body fat reserves are utilized to maintain breeding activities.

The amount of forage consumed per day by male deer varies with seasons. Forage consumption starts to increase about April and continues to increase until the beginning of the breeding season in October. When breeding activity begins, food consumption drops drastically to a minimum maintenance diet.

The growth of the deer also corresponds to the same pattern. Growth and antler development are closely related since March through September is the most important period for antler development.

Bucks forced to exist on low-energy or low-protein rations throughout their growing years never reach the body size that deer on full rations attain.

Not only must a buck have adequate nutrition to attain trophy antlers, but he must also achieve an age of 4½ to 6½ years since this is when maximum body size and best antlers are attained.

For information on how to adjust livestock numbers, rotate livestock and improve the habitat for deer and the livestock contact your local Soil Conservation Service office.

# Four Ways to be a Smart Shopper

## SHOP SMARTER, SHOP HARDER:

Smart shopping in a supermarket is the same as in any other store. The object is to get the most value for your money. H.E.B.'s basic 4 Buying Guides will help you be a smarter shopper:

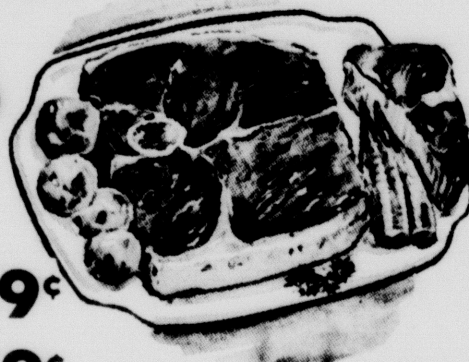

1. Save before you spend... read our ads, plan well balanced menus, then prepare a shopping list.
2. Buy to suit the use. For instance, you don't need fancy baking potatoes for potato salad.
3. Carry a list but keep it flexible. Look for in-store specials and family favorites. Switch plans when you find good buys.
4. Read labels. Compare price, weight, content, variety, style and other points that influence choice.

## NEW! CHEESECAKE FROM DUNCAN HINES

NEW RECIPE IDEA

### Cherry Topped Cheesecake

(Makes a 13x9 inch cheesecake)

- |  |  |
|--|--|
| 1 pkg. Duncan Hines Yellow Deluxe Cake Mix | 4 eggs                                 |
| 2 Tbsp. oil                                | 1 1/2 cups milk                        |
| 2 pkg. (8 oz. each) cream cheese, softened | 3 Tbsp. lemon juice                    |
| 1/2 cup sugar                              | 3 tsp. vanilla                         |
|  | 1 can (1 lb. 5 oz.) cherry pie filling |

Preheat oven to 300°. Reserve 1 cup of dry cake mix. In large mixing bowl combine remaining cake mix, 1 egg, and oil (mixture will be crumbly). Press crust mixture evenly into bottom and 3/4 way up the sides of a greased 13x9x2-inch pan. In same bowl, blend cream cheese and sugar. Add 3 eggs and reserved cake mix. Beat 1 minute at medium speed. At low speed slowly add milk and flavorings; mix until smooth. Pour into crust. Bake at 300° for 45-55 minutes until center is firm. When cool, top with pie filling; chill before serving. Store in refrigerator; freeze covered with foil.

\*Cheesecake can also bake in 2-9" pans for 40-50 minutes.
